PIONEERING FOR A CLEANER FUTURE

FRESHEN UP YOUR WORLD

Like it or not, most people judge your facility by the cleanliness of your washrooms. Regardless of how good the food is in your restaurant, or how good the shops are in your shopping centre, it is the washrooms that you are often judged by. And if it smells like a service station toilet, then you have most likely lost opportunities and business.

Restrooms only account for about 5% of the cleanable area of a facility. Yet approximately 95% of all cleaning complaints are restroom related.

Let's understand how powerful fragrance can be, and use it to reduce complaints and increase consumer satisfaction.

We want fresh food, fresh water, fresh clothing & fresh air, and now you can make sure the air in your washroom is fresh whether in a school, restaurant, five star hotel, an airport, shopping centre or stadium.

"In this catalogue you will find many products that will neutralise bad odours and replace them with pleasant scents that will show your customers you care. "

OUR FRESH

Non Aerosol Air Freshener

Innovative Smart program ensures an equal fragrance release over 30 days. Contains a light sensor to conserve battery life so the unit only works when the room is in use. The smart chip controls the programming so the fan runs sparingly in week 1 and gradually turns more frequently over the 4 week period, helping release the same amount of air freshener daily over 30 days.

Dry Fragrance Technology

Liquid-free, leaves no sticky residue

Eco Friendly Refills

100% recyclable containing biodegradable additive and is VOC compliant

Superior 30-Day Performance

Consistent fragrance release from day 1 to day 30

Easy to Refill

Hang approximately 1.8m high in the center of the space; no need for a ladder

Ideal for:

Rest-rooms, Hallways, Public Areas, Hospital, Aged Care Facilities, Schools, Universities, Day Care Centres, Shopping Centres, Hotels, Resorts, Restaurants, Offices, Clubs, Gyms, Train Stations & Airports

Contains the Odor Neutraliser Pro-Assure

Ambiance 3D

Ambiance 3D combines the patented technology of a 30 day urinal air freshener, with revolutionary splash elimination, due to its two-sided design. It holds more than twice the active ingredients / fragrance of other screens, plus it releases optimized bacteria that consumes odours.

- Freshens for full 30 days
- Installs correctly every time
- Reduces splash & cleaning time
- 200% more fragrance than competitor's screens

Ambiance 3D has a more open design, increased height, and thus does not splash.

Competitor's screens with fewer openings, pools liquid causing splashback.

SLANT 7 Urinal Screen

Interclean is pleased to introduce the SLANT urinal screen. This new, individually packaged, 30-day screen prevents 99% of splash back.

The SLANT screen was specifically designed with protrusion at the perfect angle, so when urine hits it, the stream is diffused and then deflected so droplets never get beyond the urinal keeping everything cleaner.

The best splash prevention

Unique slanted fingers provides the best splash prevention available

Highest fragrance load

More than any other 30-day screen

Most powerful, consistent fragrance release

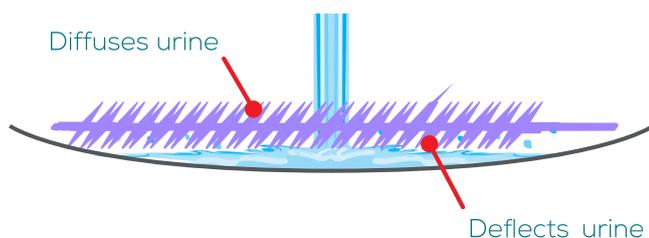

Strong fragrance from day 1 to day 30

Patented double-sided slant design deflects and diffuses urine

Prevents installation errors and keeps floors and shoes clean

Individually wrapped

Greater convenience, guaranteed freshness

A BETTER ANGLE on splash prevention

Zeus

The Zeus, designed by my wife, is the ultimate urinal screen for use in stainless steel and porcelain troughs. Spaced every 1 metre or joined together, Zeus delivers maximum odour control and fragrance delivery for high use washrooms in stadiums, hotels and pubs.

- Freshens high traffic urinals for full 30 days
- Installs correctly every time
- Releases billions of beneficial bacteria to consume odours at the source

Aura

The Aura is our trusted urinal screen that turns your urinals into air fresheners. For medium traffic washrooms in schools, restaurants and offices, this screen does its job consistently for **30 days**.

The Aura releases billions of optimised bacteria to consume odors at the source and clean the urinal, instead of just masking smells.

Tip: Change your screen to a new fragrance every 30 days as the same fragrance all the time becomes harder to notice.

- Freshens for full 30 days
- Long protrusions on top eliminate urine splash, keeping your floors dry and fresh

Acacia Air

Acacia Air freshens bathrooms, resident rooms and public areas. These beautiful fragrances are designed for consistent and powerful 30-day performance which is why Acacia Air outperforms gels, wicks, and even aerosols.

Always works, NO batteries required, easy to mount.

Does not need batteries, simply works on airflow near your washroom entry door. Should be placed at nose height.

Perfect for Hospitals and Aged Care facilities.

This non-aerosol air freshener is perfect for use where you can't use aerosols due to respiratory issues.

Fits in a variety of dispensers.

Fits in our own Fresh-brand dispenser but also will fit inside of TC®, TimeMist®, Ecolab®, Hospeco®, Kimberly-Clark®, Vectair® and other fan dispensers.

Elipsis

Believe it or not, urinals are not the only producers of smells in your washroom. Toilets in mens washrooms, disabled washrooms and even ladies washrooms all can smell a bit off. The Elipsis has been designed out of a polymer that contains fragrance oils. This polymer gradually releases the fragrance over 30 days giving your cubicle areas the fragrance lift they need.

Perfect for women's cubicles and sanitary bins.

Eclipse

The Eclipse is the perfect air freshener to clip onto the side of a toilet, under a resident's bed or under sink pipes.

Made of environmentally friendly material, these 100% recyclable clips will not dissolve in or pollute water.
